

*Heading Home was convened in April 2005 in order to make recommendations in two areas: preventing homelessness, and increasing the supply of affordable rental housing for households with incomes at or below 30 percent of the area median income. Following the release of the report in late 2006, an implementation process was initiated, and a plan released in early 2007. **It will take the effort and commitment of our elected officials, community advocates, service providers, stakeholders, and community partners to implement this initiative.***

YES, our agency would like to participate in the **Heading Home Implementation Plan** to end homelessness and increase the supply of affordable housing throughout Cuyahoga County!
